Human Services

Helping Children to be Victors

CELEBRATING
30
YEARS
HELPING CHILDREN TO BECOME VICTORS

Dear Wolverine Friends and Supporters,

It is always a busy and exciting year when in the last year Wolverine Human Services served 1200 youth. In foster care and adoptions we achieved a 100% success rate and in residential 89.36% success rate on completions of our programs. We are very proud to be celebrating our 30th Anniversary of serving Michigan's youth. We have become the largest child welfare agency in Michigan, we are maintaining a balanced budget, completed 146 adoptions this year, and had 30 students graduate with their high school diplomas and another 18 with their GEDs. Our partnership with the Beck Institute is closer to completion. Our agency will be competent in cognitive behavior therapy as an evidence based therapy that will be used throughout our residential programs. We will be the first agency internationally to achieve this status.

We are more engaged in the communities our programs are in. Our Core Orchards project and the Den are receiving much press and attention. We want to continue to develop partnerships with many community groups that will benefit not only those communities but also our youth. As always I invite you to browse our web to see the stories of resiliency, challenge, growth, caring and success that we experience on a daily basis. We appreciate your partnerships to success and value your continued support to *Helping Children to be Victors*.

Judith Fischer Wollack, ACSW, LMSW
CEO, Wolverine Human Services

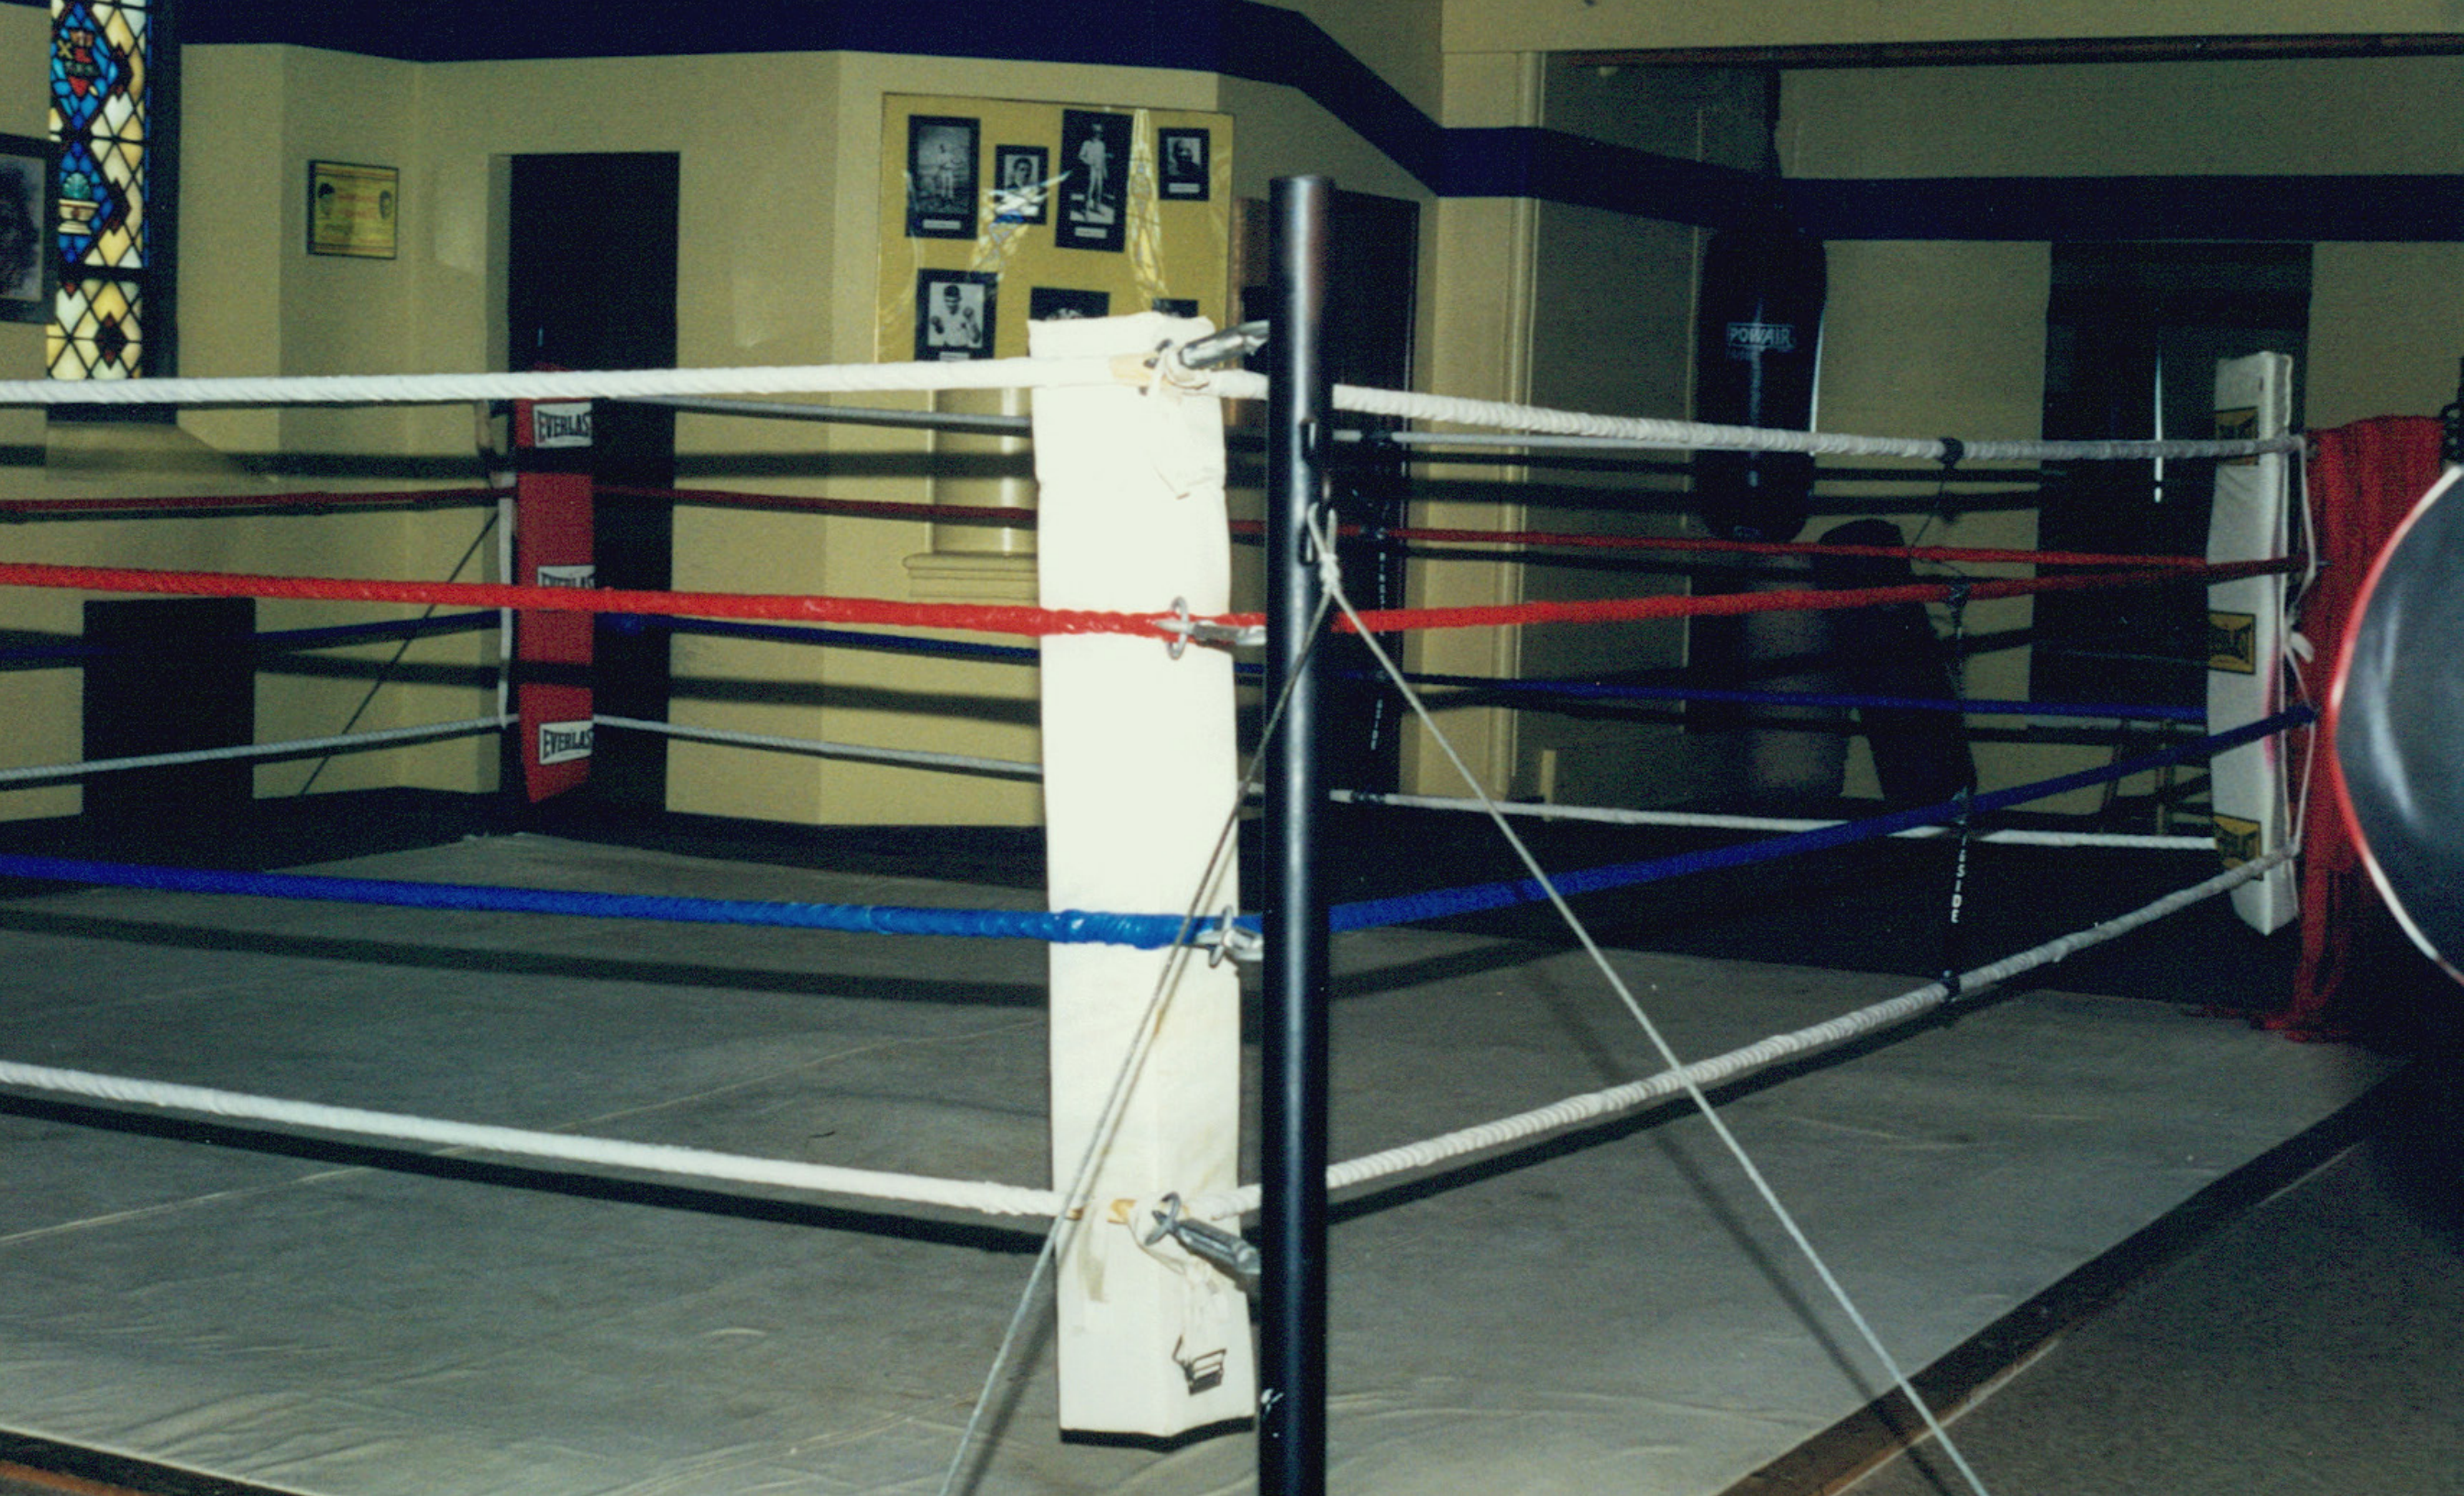

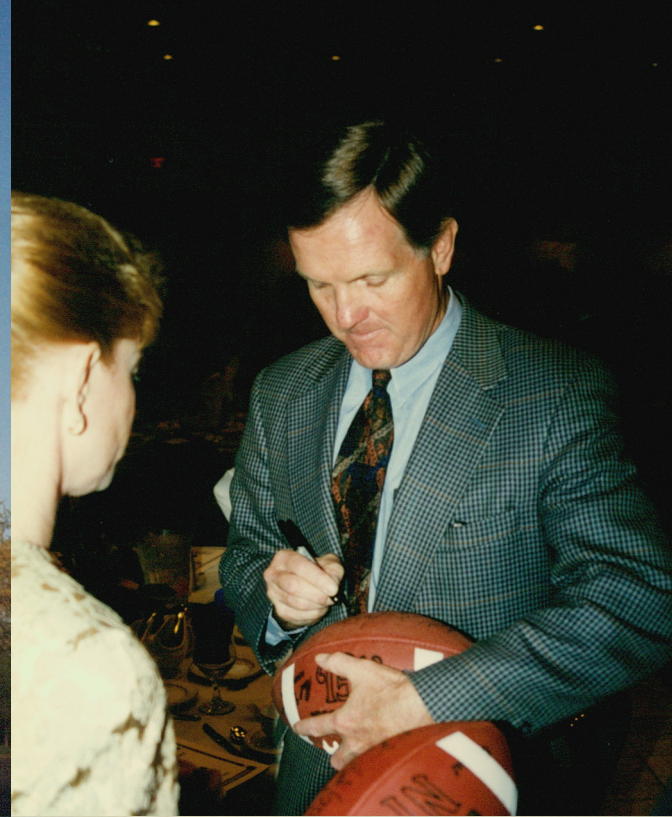

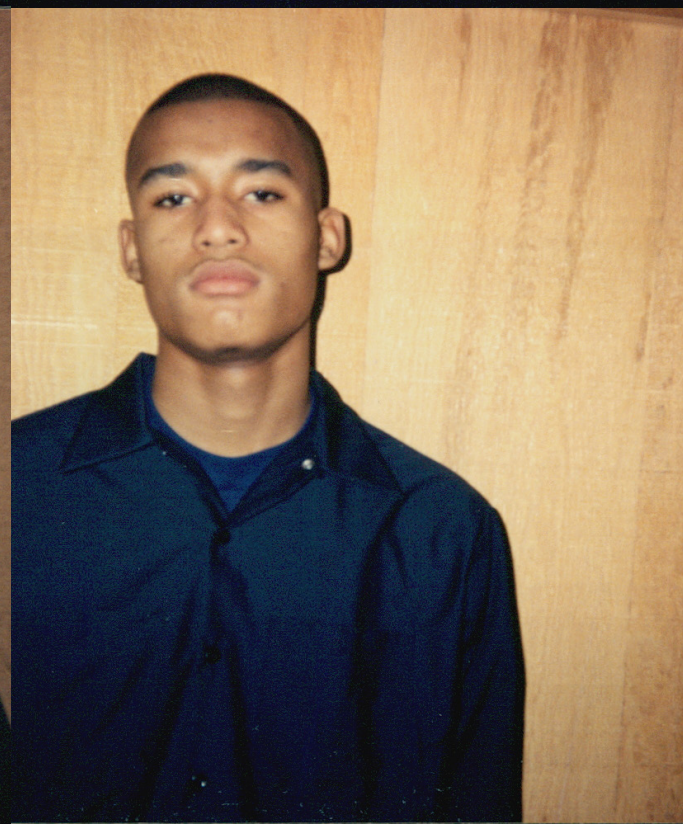

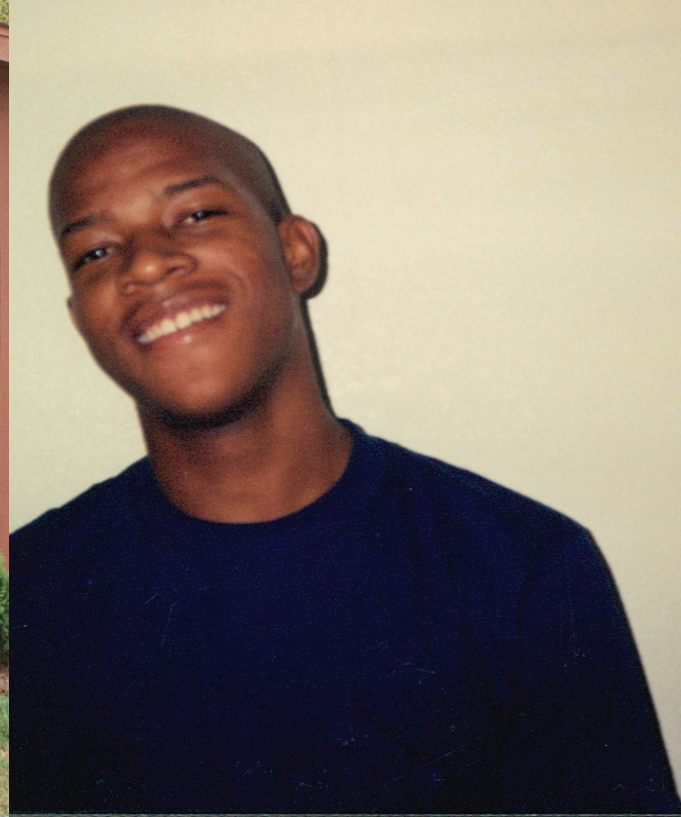

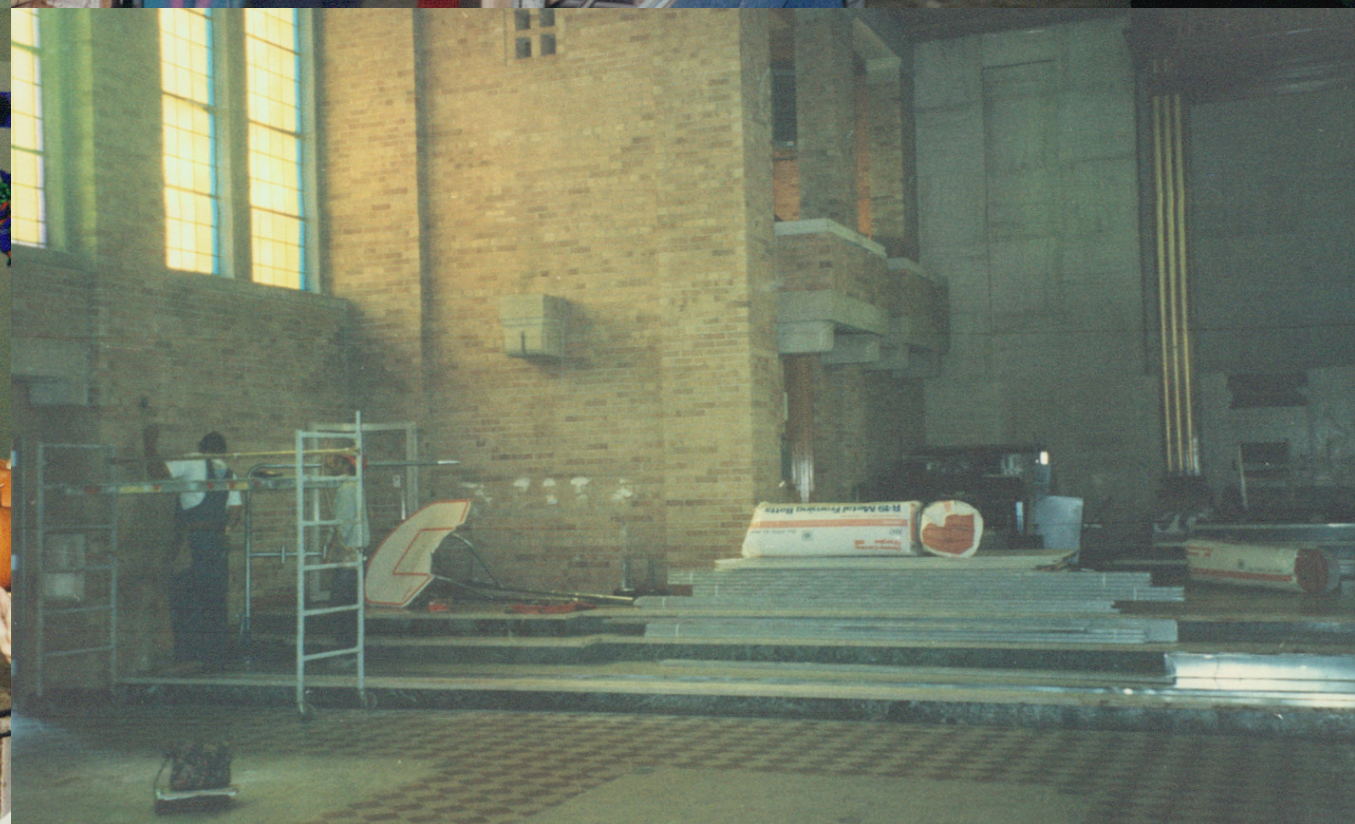

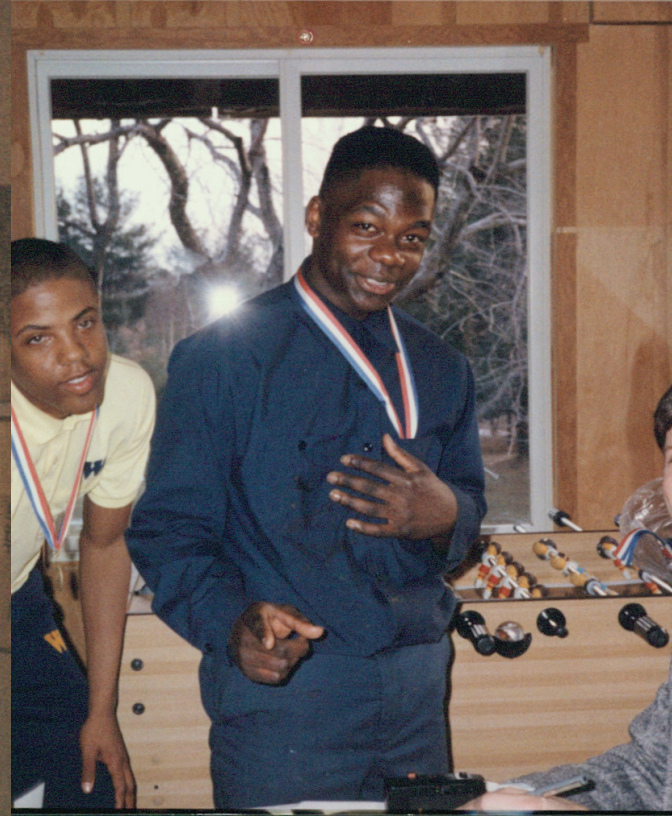

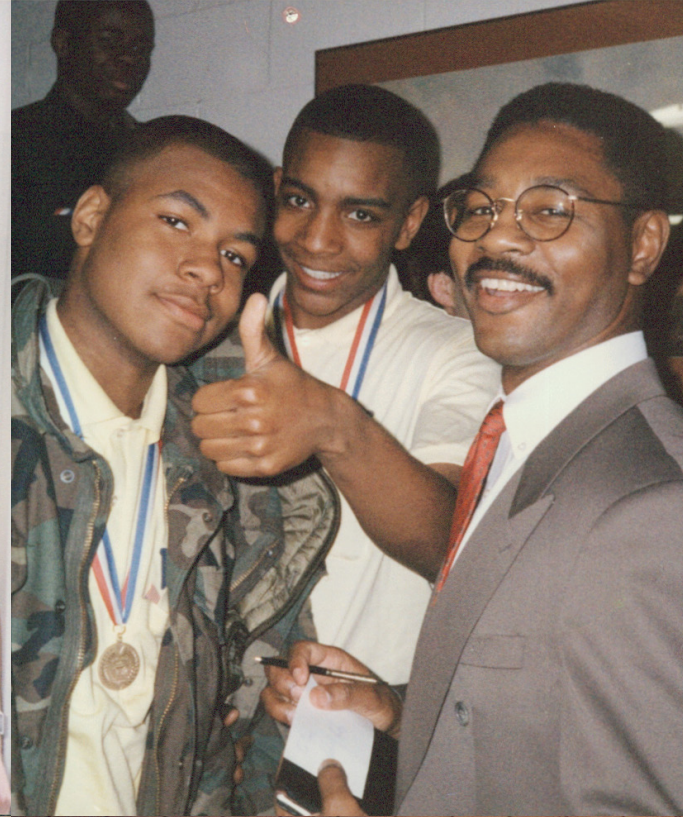

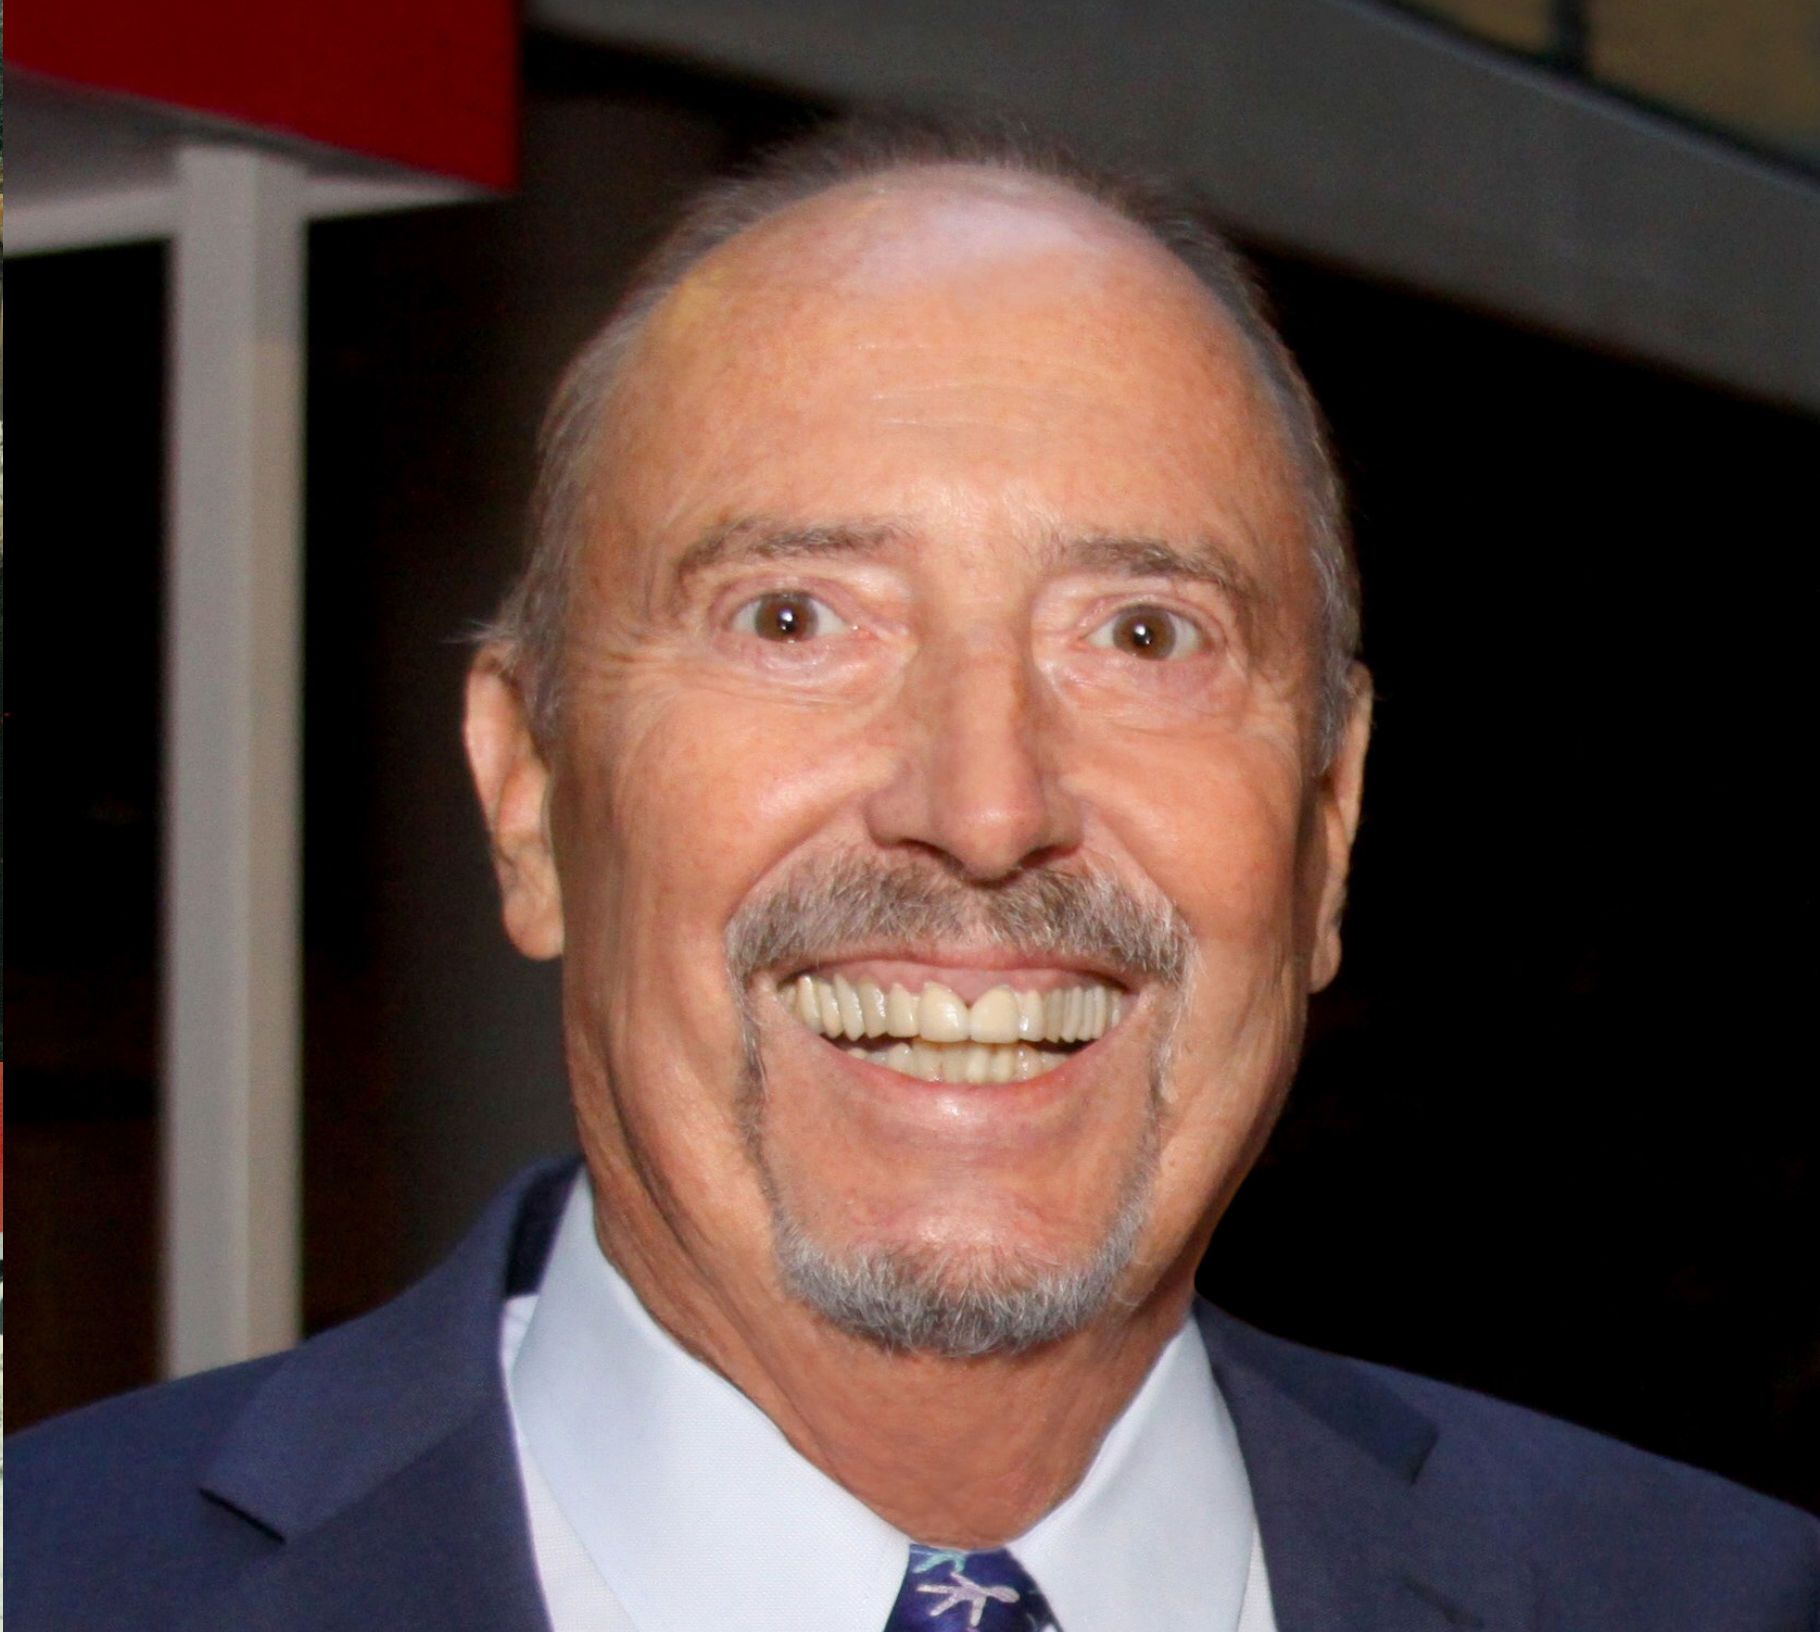

BOARD of TRUSTEES

The Board of Trustees at Wolverine Human Services wants to thank all of our supporters for continuing to advance the importance of our mission, *Helping Children to be Victors*. It is very exciting to be celebrating the 30th Anniversary of this great organization. We congratulate Robert E. Wollack, the President and Founder. It was his vision and drive that so many years ago began this agency that has continued to serve the most vulnerable youth and their families in Michigan throughout the years. Wolverine has grown and changed to meet the needs of our children in need. As the Board of Trustees we look forward to Wolverine continuing many more years of service. This mission will continue to grow and serve with our community of supporters. It is because of our partnership with you that we are able to provide the special extras in serving our youth and families. Together, we can accomplish many great things on our mission of *Helping Children to be Victors*.

Thank you,

Bruce Kintz, Chairman, Secure Harbor Financial Service
Ronald Warhurst, Vice Chairman
Robert E. Wollack, Second Vice Chairman
Jerry Meter, Treasurer, Steelcase, Inc
James Libs, Secretary, Brown & Brown of Detroit
