FOR IMMEDIATE RELEASE

NEW PROGRAM FOR GIRLS Wolverine Human Services Announces Endeavor Program for Girls

Wolverine Human Services is excited to announce the Endeavor program, opening on August 19, 2013 in Saginaw, MI.

The Endeavor program will provide rehabilitative services for girls ages 12-20 who have been convicted of violent crimes. Girls will receive individual and group therapy to address emotion regulation skills, trauma recovery, substance abuse recovery, and healthy life skills, while also receiving onsite educational, medical, and dental services. The girls will work towards completing their high school education or GED, and will have the option to enroll in online college courses as well.

The Endeavor program will be housed in the Wolverine Secure Treatment Center, a maximum security facility built in 2008. The facility has previously only served boys, but has been renovated to include a completely self-contained facility for girls. The Wolverine Secure Treatment Center is owned and operated by Wolverine Human Services, a nonprofit organization serving abused, neglected, and delinquent youth throughout the state of Michigan.
